

REVIEW

- Have you planned your Prayer Experience?
- Be in prayer as to whether or not this group will be going on as a Community Group and who might be able to facilitate going forward. Do you have anyone in mind?
- Encourage your group members to memorize the weekly verses.
- Serve Experience- Make sure to decide what you will do for this experience. Feel free to do something on your own if your group is passionate, just let us know the detail. If you need help, contact our team (office@osagehills.com) , and we'll have a staff member help you out.

REMINDERS

- Remember to have two people each week share their Faith Stories.
- Take notes after people share - not all details, but anything pertaining to their calling, passion, interests, struggles, family concerns, etc.
- Your Facilitator Guide suggested an affirmation exercise in the Welcome & Connection Time - we recommend you postpone this until week 10 - more info will follow.
- This week's topic is suffering - be in prayer for your people.
- "Double-Fisted Faith" is a great concept to highlight with your group.
- Look ahead and be prepared for Strongholds next week - if you are leading a coed group and don't have an opposite gender co-leader, please contact Kent ASAP to help get someone to step in as needed.
- Encourage your group to take the time to fill out the Strongholds Worksheet at the end of Chapter 5.
- As always, please contact Nate (nate@osagehills.com) with any question or concerns.
- Celebration Night - encourage your entire group to attend - more info soon.
